---

The screenshot shows a software window titled "Test Diag". It contains several input fields and buttons. At the top, there are dropdown menus for "Solution" (set to "2:VISION") and "Part Num" (set to "COM803"), with a "Start" button to their right. Below these, there is a checkbox labeled "IMEID" which is unchecked. Underneath the checkbox are two text input fields: "IMEID(IMEID)" and "S/N". To the right of each input field is a "Copy" button. At the bottom of the window, there is a "Result" section with a green background displaying the text "Success..SPK CAL Data : 6.632 (spec:5.9~6.1)". A "Close" button is located at the bottom right of the window.

⑧ Confirm whether the Speaker Calibration is done successfully.
